A DELIRIOUS DEMON.

Thomas Hewitt Kills Himself After Assaulting His Family.

Associated Press Leased-Wire Service.

KEARNEY (N.J.), Aug. 19.—Thomas Hewitt, 41, a non-mourner, made an attempt today to kill his wife and four children. He wounded them, but not fatally, and then sprang from a window and ended his life.

He had been suffering for some time from typhoid malaria. This morning he entered the room where his wife and children were lying. He raised a knife, which he carried, and exclaimed: "Julia, your time has come."

With this he pushed the woman aside and sprang to the bed. He made a vicious lunge with the knife at the oldest child, a boy of 7, missing him and burying the knife in the bedding. He struck again and again at the children, but they had been awakened by a scream from the mother, and he inflicted no serious wounds, although the four were more or less cut.

Mrs. Hewitt threw herself between her husband and the children, endeavoring to catch his arms, received a bad stab, the point of the knife entering the flesh near the elbow. The downward stroke of the knife continued and tore the arm to the wrist.

Hewitt then sprang through the window, fracturing his skull, dying an hour later.

A SAILOR'S YARN.

F. B. Bertram Returns Home After Many Adventures.

Associated Press Leased-Wire Service.

PHILADELPHIA, Aug. 19.—F. B. Bertram of Salem, Mass., who has been mourned as dead since 1884, passed through here today en route to his home. He tells a remarkable story of his adventures during his long absence. After traveling for a time between Boston and Philadelphia, Bertram, in 1887, sailed for the South Sea Islands on the bark Glide. The Glide was caught in a cyclone off Tahiti, Madagascar, but all hands were rescued.

Bertram then shipped aboard the Elea, a British bark. This vessel was wrecked in December, 1888, and all the crew, with the exception of Bertram, perished. He was washed ashore on one of the Solomon group of islands, where he was cared for by the natives until May last, when he was taken to Melbourne on a Danish bark. He sailed to San Francisco, reaching there Tuesday.

Associated Press Leased-Wire Service.

BALTIMORE, Aug. 19.—Gov. Brown concluded to rid Maryland of Coxyites by sending 100 of them to Cincinnati on a special train today. The Coxyites will be sent on special trains to their homes. He went to the House of Correction last night with pardons for all those from the West, and as soon as the stripes could be changed to old clothes the men were lined up and marched to the waiting train. They were glad to get out so easily and said that they had been deceived by Coxy.

READY TO QUIT

Congress May Evaporate Before an Adjournment.

No Possibility of Much Business Being Done.

Members Only Waiting to Learn of the Disposition of the Tariff Bill.

The Quorum in the Senate Dwindling Away—The Programme in the House—Some Interesting Figures.

Associated Press Leased-Wire Service.

WASHINGTON, Aug. 19.—The final act of the President on the tariff bill is the only thing that stands in the way of the Senate and the final adjournment. It is the general opinion that, with the bill passed upon by the Chief Executive, adjournment could be arranged within a day's time. The last of the appropriation bills received the final consideration of the Senate during the past week, and, even without the passage of the Murphy resolution, there would not have been much probability of any general legislation, owing to the likelihood of there being no quorum. The last roll-call yesterday disclosed only forty-five Senators, two more than a quorum, in the chamber, and the highest number of the day was fifty-four. Several have left since, and it is entirely probable that the session Monday will open without the number requisite to do business in the face of objection.

It is probable, therefore, that the daily sessions from this time forward will be brief, and that only the bills to which there is no opposition from any Senator, or over which there is no contest, will be taken up. The Democratic managers hope to have the bill passed, repealing the provisions in the tariff bill for exemption of alcohol used in the arts, and in the manufacture of medicine. There appears a likelihood of opposition on the Republican side, and, if there should be, this bill will necessarily go over until the next session. The Democratic members of the Finance Committee also hope to report the supplementary tariff bills during the week, but do not expect action on the executive session, in confirming appropriations, to which no one objects.

The House of Representatives is ready to adjourn tomorrow, its work having been completed. It is probable that it will adjourn from day to day until Congress adjourns. It may be, however, that the time will be partially occupied by giving days to the several committees of the House, to consider such business as they care to bring before the House. But this question has not been decided. Speaker Crisp, who is at Old Point Comfort, will not return until tomorrow morning, and Mr. Outwater, one of the other members of the Committee on Rules, is out of the city, and the program will be arranged until they return.

Tomorrow, under the rules, is suspension day, as are also the last six days of the session, but as a resolution for adjournment will not be passed until the President acts on the tariff bill, the rule with reference to suspension days will not go into effect, and the date of adjournment has been fixed by both houses.

A COMPARISON.

WASHINGTON, Aug. 19.—Representative Joseph L. Cannon of Illinois, the chief Republican member of the present Appropriations Committee of the House, and who was chairman of the Appropriations Committee during the Fifty-first, or "Reed Congress," has prepared a statement, which he will submit to the House, setting forth a comparison, from his standpoint of the appropriations for the present and Fifty-first Congress. It is captioned: "Pension Appropriations Reduced \$29,099,504."

Mr. Cannon says: "Mr. Cleveland, by his estimates, asked Congress to appropriate for the coming fiscal year, including the first and second sessions of the last Congress (the Fifty-second Congress) and at the first and second sessions of the Fifty-first, shows that the appropriations this year are greater by \$27,628,586 than were those made by the first session of the Fifty-first, or 'Reed Congress.'"

The statement also shows the appropriations made this year are \$28,835,989 less than those made at the second session of the last, or Fifty-second Congress. This reduction is covered by the item for pensions alone. There was appropriated this year for pensions \$29,099,504 less than was appropriated last year. It will be noticed, therefore, that the appropriations this year, excepting pensions, are greater than the appropriations made last year, by \$263,515. The total appropriations for the Fifty-first, or 'Reed Congress,' two years ago, were \$389,417,183; those for the Fifty-second, or last Congress, two years, \$1,025,104,547.

Mr. Cannon then read the statement issued by the Treasury Department on July 2, giving the expenditures and receipts of the Government for the past year and those of the previous year. His statement then continues: "This statement does not include the postal receipts or expenditures therefrom, and, as they balance with each other, it is not material to state them here. It shows that the receipts of the United States for the twelve months, ending June 30, 1894, to have been \$58,659,392 less than the receipts for the fiscal year, ending June 30, 1893. This statement shows also that the expenditures for the twelve months, ending June 30, 1894, were \$16,834,595 less than for the twelve months ending June 30, 1893; but this same statement shows the payment for pensions made for the year ending June

30, 1894, were \$18,180, 272 less than they were for the year ending June 30, 1893.

In other words, exclusive of pensions, President Cleveland, for his first full fiscal year, expended \$1,235,677 more to carry on the government than was expended in the final fiscal year, ending with President Harrison. There have been many increases in the salaries of officials, and especially in the diplomatic and consular service. The salary for the First Assistant Secretary of State is increased from \$5500 to \$6000; the Minister to Belgium is increased from \$7500 to \$10,000; the ministers to Switzerland and Portugal are increased from \$6000 to \$6500 each; the Minister to Mexico has had the salary of his secretary of legation increased from \$1800 to \$2500. The ministers to Nicaragua and Costa Rica, for the first time, are allowed secretaries of Legation, at \$1800 each, while the Bureau of American Republics is cut down from \$30,000 to \$10,000. The six auditors of the Treasury Department are increased from \$3600 to \$4000 each."

RECOVERING FROM THE SHOCK.

BUZZARD'S BAY (Mass.), Aug. 19.—President Cleveland still continues to improve in health and will be able to return to Washington Tuesday. No definite action has been taken on the tariff bill yet.

HOLDING HIS OWN.

Senator Vest Denies That He Is to Retire.

Associated Press Leased-Wire Service.

KANSAS CITY, Aug. 19.—In reply to a letter from Col. John W. Polk of this city, inquiring as to the truth of the story that he was to retire from public life, the following, under date of August 15, was received today from Senator Vest, who is now in Washington:

"About every six months regularly, some newspaper publishes a statement that I am about to retire from public life. Of course all these things are manufactured for a purpose and are without the slightest foundation in fact. I have told nobody any such thing and pay no attention to any such statements. Whenever I make up my mind to quit public life, my friends will first know it and in such a way that there can be no mistake about my intentions."

A TERRIBLE STORM.

Immense Damage Done to Property on the Volga River.

Associated Press Leased-Wire Service.

ST. PETERSBURG, Aug. 19.—(By Atlantic Cable.) A dispatch from Rybinsk, an important commercial center, situated on the bank of the Volga River, states that a terrible storm passed over that city and the neighborhood on Friday last. The damage to property was immense. The steamer Tsipinsk was caught by the storm on the Volga River. There were a hundred passengers on the vessel and they were thrown into a panic by the tremendous force of the wind, the furious downpour of rain and almost impenetrable darkness. The captain headed the vessel for the beach, his intention being to run her ashore. Before this could be done, the vessel sprung a leak and began to sink. As the foundered vessel was blown up by the air in her hold. Everybody was thrown into the water.

Despite the fury of the storm, passing vessels managed to rescue everybody except the captain and five other persons.

Native Aroused by Drafts for Military Service.

Associated Press Leased-Wire Service.

LONDON, Aug. 19.—(By Atlantic Cable.) Advice received from the Congo State show that further troubles have occurred with the natives, arising from the imprisonment of Port-Gueuse-Congo natives into military service by Congo State officials.

The natives were highly incensed at the summary manner in which their relatives and friends had been dragged into a service that was repugnant to them, and determined to avenge their wrongs. A strong native force was gathered, and an attack made upon Loba, a Congo State post. In the fighting that ensued two of the soldiers defending the post were killed and three taken prisoners.

LONDON, Aug. 19.—(By Atlantic Cable.) Miss Katie Marsden of the Red Cross Society, does not propose to remain passive under the charges made against her. Pastor Francis of St. Petersburg, a few days ago wrote to the Times, declaring, in substance, that she had been appointed to investigate the charges made against Miss Marsden in England, America and New Zealand, had found the accusations had been practically proven, and calling upon Miss Marsden to surrender her decorations, conferred upon her in recognition of her work among the Siberian lepers. Miss Marsden has now decided to prosecute Pastor Francis.

The Wife Fights Beside Her Husband Until Slain.

Associated Press Leased-Wire Service.

CITY OF MEXICO, Aug. 19.—The killing of the border bandit, Luna, and his wife by a troop of soldiers, forty miles from this place, has caused great rejoicing in Tamalajpa. The soldiers came unexpectedly upon the notorious couple, who took refuge behind some rocks and opened fire. The woman fought by her husband's side until they were killed by the soldiers. They have committed hundreds of robberies and six murders. The dead desperado was once imprisoned two years in a Texas penitentiary, but, making his escape, has been a terror for years along the Rio Grande.

A SCARED QUEEN.

Fire in the Palace of Dowager Maria Pia at Cintra.

Associated Press Leased-Wire Service.

LONDON, Aug. 19.—(By Atlantic Cable.) A dispatch to the Times from Lisbon says that the negligence of servants in leaving a lighted brazier unattended caused a fire to start in the servants' wing of the palace, occupied by the Dowager Queen Maria Pia at Cintra. The flames were only extinguished with great difficulty. Senor Coscia, a member of the Chamber of Deputies, and some firemen were seriously injured. The building sustained considerable damage, but its costly contents were saved. The Dowager Queen was greatly alarmed by the fire.

Interview With the New Japanese Minister to the United States—The Mikado Asks a Big Loan.

Associated Press Leased-Wire Service.

LONDON, Aug. 20.—A special dispatch to the Times from Shanghai says it is rumored that, instead of a large Chinese army, only a small force was routed at Gashan by Japanese. The remainder of the army, it is said, has gone north to join the northern forces. Skirmishes are reported to have taken place at Ping-Yan, in the Province of Shanay, and a great battle is expected to be fought there shortly.

Advices from China show that the Chinese government has prohibited the exportation of horses. Horses are regarded as contraband of war by Japan. Urgent orders have been sent from the northern to the southern armaments for powder and other munitions. Recruiting for the army is progressing actively. The Japanese have fortified the passes leading from China into Korea and have established elaborate defenses at Seoul. One hundred and sixty thousand men have been mobilized by Japan.

IMPRESSONABLE CHINESE.

LONDON, Aug. 19.—A dispatch from Shanghai says the Chinese there are suffering from a spy mania that has developed among Chinese officials. All vessels arriving at Tso-Sung River are boarded by Chinese naval officers and searched for spies and contraband munitions of war. Two prominent Japanese have been arrested within the French concession on an unfounded charge of spying. They are still detained for trial. The dispatch further states that a number of Englishmen and Scotchmen have been obliged to leave the arsenal at Wei-Hai-Wei, owing to the war. They had been fired at by the Chinese, guards and some of them would undoubtedly have been killed, had it not been for the protection afforded them by Chinese officers.

It is added that on three successive nights Japanese torpedoes were fired at the arsenal at Wei-Hai-Wei, but the torpedoes were blown up by the air in her hold. Everybody was thrown into the water.

Despite the fury of the storm, passing vessels managed to rescue everybody except the captain and five other persons.

EMMA GOLDMAN.

The Female Anarchist Resumes the Threat of Her Discourse.

Associated Press Leased-Wire Service.

NEW YORK, Aug. 19.—A reception was given Emma Goldman tonight at the Thalia Theater, which nearly 3000 persons attended. The affair was generally tame and the special force of detectives had nothing to do.

Charles Wilfred Mowbray, the English Anarchist, was also present and preceded Emma Goldman by a speech in which he eulogized her heroism and self-sacrifice. Speaking of the police, he remarked: "The police exist for loathe. They are here to protect thieves and associated characters from plunder of the poor workers."

When Emma Goldman came on the platform, there was a great burst of applause. Her speech was chiefly devoted to a ramorous attack upon all who were concerned in her prosecution, conviction and imprisonment.

"Imagine the prosecution of a woman for talking," she began. "Anarchy was prosecuted on October 5, 1893, in the Court of General Sessions. It was really the right of free speech that was prosecuted. The country is today seeking aid of the old country to help them get rid of anarchy. What do they get to help them? Those bastards Irish and the deceitful English."

She then launched forth into invective. She called Assistant District Attorney McIntyre a coward. In speaking of the Judge before whom she was tried she said: "Judge Martine is not to be compared with Santo or Henri, who were all defenders of a cause they believed in. I am with you again, and again under the old flag of anarchy and freedom," she concluded.

The speech was received with enthusiastic plaudits by the minority of the audience and the meeting soon after was brought to a close.

OUT FOR DIAMONDS.

Fourth Meet of Wheelmen's Training League.

Good Races Witnessed by a Small but Enthusiastic Crowd at Athletic Park.

The Tennis Tournament Opens at Santa Monica Today—The Fall Races of the Polo Club—A Good Programme.

The fourth meet (diamond meeting) of the Wheelmen's Training League, held at Athletic Park yesterday morning, was attended by the usual success, that has characterized former meetings, and the small, but enthusiastic, crowd in the grandstand had the satisfaction of seeing a number of good races. Dr. W. F. Kennedy, scratch man in the one-mile handicap, received a hard fall at the beginning of the last lap of that race, thereby spoiling his chances for the much-coveted prize.

The one-mile open and mile handicap were the prettiest events of the day, the former race being won by L. W. Fox and the latter by A. Griffin.

The following is a list of the starters and winners in the different events:

One-mile handicap, invitation: W. F. Kennedy, J. Q. Hall (Star), "Hill" Darling, all scratch. Won by Darling, half second; time, 3:14.

One-mile open: A. Griffin, L. W. Fox, W. M. Jenkins, F. G. Lacy, Tom McClellan and W. A. Burke. Fox first, Jenkins second, McClellan third; time 2:38.

One-half mile, scratch: Harry Parks, H. H. Pray and W. H. Watson. Won by Watson in 1:17 1/2, Parks second.

One-mile handicap: McClellan and Jenkins, scratch; Harry Parks, W. H. Watson, A. Griffin, C. Miller, sixty yards; C. H. Pray, 170 yards. Won by A. Griffin in 2:34 1/2, McClellan second, Jenkins third, Allen fourth. McClellan's time, 2:31.

One-half mile, handicap: W. J. Allen, scratch; "Hill" Darling, forty-five yards; Leland, ninety yards. Allen first, Leland second; time 1:18.

Two mile handicap: W. M. Jenkins, scratch; F. G. Lacy, sixty yards; C. H. Pray, 350 yards. Won by Lacy, Jenkins second; time 5:30.

ATHLETIC CLUB NOTES.

A force of men will be put to work on a number of improvements at the Park this week. A new surface will be put on portions of the track, which will tend to make it a second or two faster.

C. E. Patterson has returned after a month's visit to San Francisco, where he "took in" the Olympic boxing tournament.

The telegraphic dispatch in the Friday morning's Times, giving account of the game fight put up by Greenwood of the Los Angeles Athletic Club at the Olympic boxing tournament in San Francisco caused some surprise among the members, as no such person belongs to the club, nor was the club represented by any one.

W. M. Jenkins of the Los Angeles Athletic Club is thinking seriously of joining the ranks of professionalists, by entering the transcontinental bicycle race from New York to San Francisco, to be held this fall, for which the New York World offers a cash prize of \$1000. Jenkins' specialty is long distance, for which he holds an enviable reputation in this part of the country, and his chances for winning a place are considered very good.

A Great Colt.

ADELL, HOLDER OF THE WORLD'S YEARLING RACE RECORD.

To Walter Maben, the well-known young rensman of this city, through the credit of having steered the yearling Adbell, by Advertiser—Beautiful Bella, over the Bay District track on Saturday afternoon in the phenomenal time of 2:38, thus establishing a new race record not only in this State, but in the whole of America, quarters was as follows: 0:35, 1:14, 1:50 1/2, 2:28.

"I never drove such a yearling before," said Walter Maben to an Examiner reporter after the race. "He goes about his business like an old campaigner. It is absolutely no trouble to drive him. All this fellow wants is to trot. He is as sensible as an ordinary ten-year-old trotter. I did not intend to give Adbell a fast mile, but he went so evenly and showed so much speed to the quarter that I concluded to let him go on, although the day was dead against him."

Adbell comes from an illustrious family. He is a son of the peerless Beautiful Bella and Advertiser. Beautiful Bella is known as the phenomenal brood mare of America. Adbell is her fourteenth foal, and the eighth one to enter the magic 2:30 list. She is the only brood mare in the world who has two yearling trotters that have beaten 2:30, while three of her progeny have entered the 2:30 circle as three-year-olds. Beautiful Bella's record of honor is as follows: Hinda, 2:15 1/2; Belle, 2:15 1/2; 2:25 1/2; St. Bel, 2:24 1/2; Rosemont (dam of Sweetfoot, yearling record, 2:25 1/2); Chimes, 2:30 1/2; sire of the world-famous Fantasy, 2:07 1/2; Bell Boy, 2:14 1/2; Palo Alto Bell, 2:23 1/2; Bow Bell, 2:18 1/2; Electric Bell, Bell Flower, 2:13 1/2; Bell Bird, 2:22; Belshire, Day Bell and Adbell. This is a truly remarkable family. All are by Electioneer except Day Bell and Adbell.

Beautiful Bella is by The Moor and was bred L. J. Rose of Los Angeles county. The latter Senator Stanton paid something like \$1000 for this mare, whose progeny has sold for over \$200,000.

Advertiser, the sire of Adbell, is bred in the purple too. He is by Electioneer, the sire of more 2:30 trotters than any horse in the world. The dam of Advertiser is Lulu Wilkes by George Wilkes.

It will, therefore, be seen that Adbell comes honestly by his speed. He is a by his performance yesterday is certainly looks as if this aristocratic youngster from Palo Alto has the yearling record at his mercy the first time he starts over a kite-shaped track.

Pigeon Shooting.

PREPARING FOR THE ANNUAL STATE TOURNAMENT.

The State Sportsmen's Association made a wise move when it decided to hold its thirteenth annual meeting and tournament in this city on September 14 next, for the climate and conditions are certainly unsurpassed and perhaps unequalled elsewhere, where prevail here for trap-shooting.

As the members of this association, which is a very large organization, will attend the meeting in a body, and will undoubtedly be accompanied by many other sportsmen, who are interested in this particular branch of sport, arrangements are already being made in advance for the accommodation of the visitors by the local committee, which consists of E. B. Tuttle, B. Unger, John Schumacher and Joe Stinger.

The programme of the tournament is as follows:

Bicycling.

PROFESSIONALISM ABOUT TO UNDERGO A REVIVAL.

Bicycling events of the week just ended indicate that professionalism is undergoing, or is about to undergo a revival, in the opinion of "Pringle," the sporting editor of the Pittsburgh Dispatch. The revival, and not very long ago, the professional bicycling was one of the most prominent sports of the day, both in this and in other countries. For some time past professional riding has been on the wane in England, a land where that class of sport was immensely popular.

But recently something like a boom has appeared, and the appearance in Europe of Zimmerman and George Banker as professionals has had much to do with the increased interest in the sport. And the effect is being felt in America because, according to reports, the other day, John S. Johnson has resolved to become a professional, that is, he has resolved to take money publicly. Johnson, it is said, intends to go to Europe and contest against Zimmerman. This may and may not be the case. The latter will soon be returning home, and probably Johnson will not arrive in England in time to meet Zimmerman. But it may be that Johnson just wants to get to England in time to see Zimmerman leaving. This has already been intimated in these reviews, for if Johnson could land in Europe just after Zimmerman had left for home, Johnson would be at liberty to talk as much as he wanted and boom his stock to any extent.

Baseball.

The first game of ball between the Athletics and Keating's took place at Athletic Park before a fair audience yesterday. It was interesting from start to finish, the Athletics making nine runs in their last half of the eighth inning and winning the game by a score of 24 to 11. The Athletics will have some new players to take part in the game next Sunday. The boys will practice today, Wednesday and Friday, and will be in good shape. The Athletics have their eye on some new players, one of whom is a catcher lately from the East.

Sporting Notes.

Hal Pointer, 2:04 1/2, will be trained again next year.

Allerton, 2:06 1/2, is showing speed in his work. He did a quarter last week at a 2:06 gallop.

Archie, 2:08 1/2, was once driven to the plow at Van Ranch. He cost Monroe Salisbury \$1600.

Jimmy Carroll of Brooklyn will train Jack McAuliffe for his coming match with young Griffin.

An Eastern turf paper says that the California-bred colt Oro Wilkes is good for the 2:10 list before the season.

Arion, recently in 2:11. It is not generally known, but it is a fact, nevertheless, that Arion has never yet been defeated.

J. B. Hagin has been making extensive purchases of English racing stock recently.

Mr. Hagin will return to the turf. Matt Allen will train him.

McMallott has declined an offer of \$30,000 for Isinglass. The offer was made by Count de Salm, who is the greatest horse owner on the English turf today.

Mary Best, who won at Cleveland, and took second at the season, and is a full sister to Mary Wilkes. Mary Best was on the California circuit last year, and her best time was 2:24.

Other S. Campbell, the champion, will enter in the tournament of the National Lawn Tennis Association, which will be held in Newport this month and has started in training at Narragansett Pier.

Tommy Ryan has been challenged from St. Joseph, Mo., by a local effort to make a round contest for water-weight championship and a reasonable side bet, at St. Joseph during the fair week in September.

The League of American Wheelmen is a decidedly robust organization, with 22,000 members, but the drop of 14,000 in the membership is puzzling inasmuch as 1900 of the large increase in the number of cyclists.

Ernest Roeder, the American champion wrestler, has just been defeated by a German, who is a challenge against Wrenham, Abs. Roeder, or any man in France or Germany, Greece-Russia, for \$200,000 a side and the championship of the world.

W. H. Coppel, the world's champion 200-yard runner, has been beaten in a 200-yard race at Golden, Colo., by a 20-year-old man, who gave the name of Adams, but is supposed to be the champion of England. Adams had six feet start, and won by four feet in 19 1/2 seconds. Several thousand dollars were bet on the race.

It is wonderful the speed the harness horse has made in the domain of time since the bike sulky came into use two years ago. A horse that would take 2:45 to pull the old-fashioned rig faster than 2:14 are now stepping off miles below 2:10. Surely the bike sulky is a wonderful contrivance, and the breeder alone, "so is the trotting horse."

Joseph Gaudaur, the sculling champion of America, has been beaten by a Canadian, who is a challenge against Wrenham, Abs. Roeder, or any man in France or Germany, Greece-Russia, for \$200,000 a side and the championship of the world.

The sloop Pilgrim, which was built to defend the America's cup in 1893, has been ordered by the navy to be taken to the navy yard at Boston, where it will be launched tomorrow.

Whether or not a contest will be arranged between Dixon and Marshall is hard to tell. A splendid purse, \$5000, has been offered by the Olympic Club. Even those who are nowdays, and really Tom O'Rourke, the Olympic champion, is not averse to such a purse has been offered by Marshall's having no objection. The value of the purse gives him a reputation, if he had none before.

W. R. Crooby of O'Fallon, the trap shoot champion of Southern Illinois, has accepted Dr. Carver's challenge for a match, and articles have been signed for three events to be shot in St. Louis between September 20 and 25. Each event will be at 100 live birds. The stakes are \$500 a side in each match, a total of \$600 a side. Carver will probably meet Elliott in a series of three races in this city prior to his match with Crooby. Elliott having declared his intention of shooting another series against "the Evil Spirit" some time since.

THE HARBOR FIGHT.

The Senate Committee Will Make a Personal Investigation.

A Washington special to the San Francisco Examiner of Saturday says:

"There was a lively debate in the Senate today when Senator Ransom called up the resolution authorizing the committee on Commerce to visit the Pacific Coast during recess and make a personal inspection of the harbors of San Pedro and Santa Monica, in order to determine which was the more suitable for the location of a deep-water harbor. Speeches were made in favor of the resolution by Ransom, Doherty and White. Ransom's speech was the more interesting, because of the wrong place was selected for this harbor a great deal of money would be uselessly spent in improvements."

"The principal opponent of the resolution was Carey of Wyoming. He asked Ransom how much it would cost and if he believed in keeping a duty upon the paying the expense of the junket. He declared it a most useless trip, as he was satisfied that when the members of the committee returned they would know no more about the subject than they did at present."

"White replied to him rather sharply and explained to the Senate that it would be impossible to get an appropriation for either place unless the trip was made and the committee convinced by observation and investigation which port was the more suitable for the location of this harbor. In an episode of the opposition of Carey the resolution was passed. It is understood that the trip will not be made until after election."

THE DEMOCRATS.

DEPARTURE OF DELEGATES FOR SAN FRANCISCO.

But Little Interest Taken by the Faithful in This Section—Gossip About the State Convention.

Most of the Los Angeles and other southern delegates to the State Democratic convention went North yesterday, though a few were left behind and will go up today.

There is very little interest among the faithful in this section so far as the State ticket is concerned, and but few had any decided views, saying that they would be governed by what developed at San Francisco. Ex-Mayor W. H. Workman will probably get the Lieutenant-Governorship, although M. E. C. Munday's friends say he will make a fight for it.

The San Francisco Chronicle of Saturday has the following, bearing on the convention:

"A singular apathy seems to have overcome the Democrats of the State, and even the most credulous would hardly believe that the gathering of Democratic politicians in the lobby of the Baldwin Hotel represents the prelude to a State convention. There seems to be an utter lack of organization and there is no sign of enthusiasm. Few of the prominent Democrats of the State display interest, and those who do are not very active."

The absence of country delegates may have much to do with the matter, and the small, apathetic crowd may in a day or so swell into a throng of politicians, but this is a prospect and not a reality. A few of the delegates arrived from the interior yesterday, but they came to receive information rather than to give it.

The most important development of the day came in the contest for the gubernatorial nomination. James H. Budd entered the field as an aggressive and popular candidate. Many of his friends from the San Joaquin came to the city yesterday and were busy last night advancing his claims. Budd arrived in the city late in the afternoon. Many of his friends made to him a launch and had anything but a pleasant experience on the way. He seems to have friends well worth having. He is a long way from winning the nomination, but he will have to go a great deal of work between now and Tuesday.

Some of the best friends of Maguire now say that they will do all in their power to keep him out of the gubernatorial nomination. They believe that the only logical endorsement for his service to Congress is to re-nominate him for the place he now occupies. An effort will be made to dispose of the Fourth Congress district before a ballot has been taken for Governor. In that way the situation will be cleared of much of its perplexity and Maguire will be thrust upon him. The plan as outlined is to call the Congress convention as soon as the committees have been appointed in the State convention.

The chairmanship of the convention seems to have narrowed down between F. H. Gould, speaker of the Assembly, and J. H. Maguire, ex-Speaker of the Assembly. Those country delegates who have already arrived are hot in their advocacy of Gould, and claim that when the vote is taken Maguire will not have even a respectable showing. Gould arrived last night and is allowing his own fight to care for itself, while he advances the claim of Budd.

"The choice of the Baldwin Theater as the place of meeting for the convention is daily exciting more opposition. While all acknowledge that no more pleasant meeting place could have been found, the delegates are loudly protesting because the theater is not adapted to the wants of the convention. In the first place the main floor is not large enough. There are sixty more delegates than the theater can accommodate. The rooms and in several other particulars there is a lack of convenience. The Democrats of the city have been lax in preparing for the convention, and some of the early arrivals from the interior threaten to take the matter into their own hands if something is not done at once."

"One of the most noticeable elements of the crowd here last night was a slight change of front. Even those who last to acknowledge Buckley's interference could not deny the presence of Buckley's satellites, and in some way or other the rumor got about that Buckley intended to open a headquarters at the Baldwin on Monday. It is extremely unlikely that he will do so, but the rumor caused considerable excitement."

"Some of Buckley's most ardent lieutenants will be in the convention if they have to get there on proxies. Among them will be A. T. Spotts, more familiarly and perhaps better known as 'Resolute' Spotts. He expects to secure a proxy from San Jose."

"The fight for representation on the State Board of Equalization from this district has become a hot one, with four candidates in the field. Senator Bruns announced his candidacy yesterday, and is making an active fight. His opponents are Neilson, Gildea and ex-Tax Collector Grady."

"While the contest for chairman of the convention seems to be between Gould and Chumbe, the friends of Clay Webster Taylor of Santa seem to think there is a slight chance for him, and he has been kind enough to give consent and acceptance, business permitting."

"Among the delegates who arrived yesterday were a few from Santa, Los Angeles, San Joaquin, Merced, Mono, Humboldt and Yuba. D. A. Ostrom was among those from Yuba. He was busy in the lobby with a somewhat sickly gubernatorial bid hanging in his bosom. It is expected that the entire Los Angeles delegation will arrive today and with it will come the representatives from most of the other southern counties."

"W. H. Workman from Los Angeles was one of the most prominent of the politicians at the Baldwin. He wants the nomination for Lieutenant-Governor and showed no particular hesitancy in making known his want. Andrew McNally is another candidate for second place on the ticket in the person of H. Gregory."

"Byrne Waters is in the city and is emphatic in the assertion that he is a candidate for no office. He has been spoken of as a possible nominee for Governor and also for the Supreme Bench. His name will be mentioned for neither. His business is such that he is compelled to be out of the State several months in the year."

"The friends of Garrett McEnaney say that he will not be a candidate for the

chairmanship of the San Francisco delegation. He has been spoken of as a candidate for the nomination for Attorney-General, but as he is working for Dennis Spencer for that honor he is naturally not in the fight at present. Fenton also says he is not anxious to lead the local delegation. As voting will be by roll-call he sees no particular honor in the position and will not ask his friends to support him for it.

Death of M. T. Lytle.

The friends and acquaintances of M. T. Lytle, one of the best-known sporting men in the country, and a former resident of this city, will doubtless learn with regret of his demise, which occurred at Mt. Shasta, Calif., about a week ago, as the result of a complicated fracture of the femur bone, occasioned by a fall on the ice while skating in the winter of 1893.

Lytle, who died to the ripe age of 65 years, was married, but had no children. Although a gambler by profession, he had many good qualities which endeared him to all who knew him. He was, perhaps, better known in Chinatown, O., than any other city, for he conducted several noted gambling houses there for over twenty years, before he came to California. After a short sojourn in San Francisco he went to Santa Ana, Cal., where he conducted the boom and opened up a faro game in this city, which ran for a year. He amassed considerable wealth during his career as a knight of the green-table, some of which he invested in trotting stock, more or less advantageously.

COL. HOWLAND DEAD.

He Passed Away at the Soldiers' Home Yesterday.

Col. C. H. Howland, who introduced the first electric cars and lighting in this city, died at the Soldiers' Home yesterday morning, at 9:30 o'clock, after a lingering illness.

During the boom Col. Howland started the Pico-street electric road, but it was not a success, and continued in operation but a short time. Since that time he has not been in any regular business.

For the past three years he suffered from a cancerous affection, which almost wholly incapacitated him for active business pursuits. About three months ago Col. Howland went to the Soldiers' Home, where he remained until his death.

HE WILL RECOVER.

Edward Johnson is Now Past the Danger Line.

Edward Johnson, the man who attempted to commit suicide on a Southern Pacific train two weeks ago by cutting his throat from ear to ear, took nourishment into his stomach yesterday for the first time since he received his self-inflicted injury.

Police Surgeon Bryant performed the operation, for such it may be called, by inserting a silver tube into the man's stomach by way of the mouth and throat.

The man then partook of a hearty dinner of milk by means of this artificial esophagus and smiled with satisfaction as he realized that the prospects of his pulling through were thus practically assured.

Cottage Burned.

A small four-room cottage, occupied by a colored man named J. H. Hughes, and located at the corner of Caroline and Palmetto streets, was almost entirely destroyed by fire at 8:30 o'clock last evening.

The family were away at church at the time, and the fire is supposed to have started from the explosion of a lamp left burning in the house. Three trunks and a little household furniture were saved. The loss is estimated at \$500, with no insurance, so far as could be learned. The alarm was turned in from box No. 72 at the Arcade Depot.

Frank Toal Again at Liberty.

Frank Toal was released from the County Jail yesterday after a sojourn there of six months. The crime which Toal has just expiated was an assault upon his wife with intent to murder.
